1. Basis of presentation

The purpose of Geoscience BC Society ("Geoscience BC" or "the Society") is to undertake and support the independent collection and public dissemination of earth science research in British Columbia.

These interim financial statements have been internally-prepared by Geoscience BC and have not been audited or reviewed by an independent public accountant. These statements are designed for the internal use of Geoscience BC members only and are not necessarily presented in a manner consistent with Canadian accounting standards for not-for-profit organizations. Accordingly, these statements should be read in conjunction with the Society's most recent annual financial statements as at and for the year ended March 31, 2019, available on Geoscience BC's website.

2. New accounting policy - Allocation of expenditures

On April 1, 2019, Geoscience BC adopted a new accounting policy in respect of its allocation of expenditures, with expenditures being accounted for retrospectively resulting in no changes to its opening net assets for the periods presented.

The Society generates independent, relevant, public earth science research and data about British Columbia's minerals, energy and water resources. The costs of managing each of the Society's projects include the costs of personnel, and other expenditures that are directly related to project provision. The Society also incurs a number of general support expenditures that are common to the administration of the Society and each of its projects.

The Society allocates certain expenditures by identifying the appropriate basis of allocating each component expenditure, and applies that basis consistently for each period disclosed. General support expenditures are allocated to the following functions based on personnel time and directly related expenditures: Project management and technical support; Governance, management and finance; Public access and data management; and External relations and communications. The amounts and the functions to which they have been allocated are disclosed in Note 6.

3. Investments

	Market Value	
	Sept 30, 2019 \$	March 31, 2019 \$
BMO Nesbitt Burns High Interest Savings account Guaranteed Investment Certificates ("GIC's")	6,674,584	3,350,345
	2,225,000	4,225,000
	8,899,584	7,575,345
Connor, Clark and Lunn aggregate portfolio, at market value	6,150,292	6,005,737
	15,049,876	13,581,082

Geoscience BC considers its investments to be 'available for sale' securities and hence they are carried at current market values. The Connor, Clark and Lunn value is net of investment management fees of \$17,739, year to date, and included in the Society's Interim Statement of Revenues and Expenditures.

4. Changes in restricted assets related to Mineral, Energy and Water project commitments

	Six months ended September 30, 2019			
	Minerals projects	Energy projects	Water projects	Total
Restricted assets - beginning of period	6,473,455	2,203,730	273,472	8,950,657
Funds restricted in period	79,000	981,000	437,142	1,497,142
Project expenditures	(1,804,671)	(719,746)	-	(2,524,417)
Restricted assets - end of period	4,747,784	2,464,984	710,614	7,923,382

	Year ended March 31, 2019			
	Minerals projects	Energy projects	Water projects	Total
Restricted assets - beginning of period	1,188,042	2,446,986	1,109,154	4,744,182
Funds restricted (unrestricted) in period	5,893,017	765,877	(130,000)	6,528,894
Project expenditures	(607,604)	(1,009,133)	(705,682)	(2,322,419)
Restricted assets - end of period	6,473,455	2,203,730	273,472	8,950,657

5. Summarized changes to unrestricted net assets from inception, April 26, 2005

BC government grants received	76,800,000
Investment income earned, net	9,089,494
Direct project partner funding	7,680,086
Income from other sources (recoveries, sublease rent, etc.)	161,749
Administrative expenditures incurred	(16,286,919)
Net project expenditures - actual and commitments	(69,997,487)
	<u>7,446,923</u>
Deferred revenue-remainder of BC government grants to be expended	(1,435,504)
Unrestricted net assets, September 30, 2019	<u>6,011,419</u>

6. Allocation of expenditures

	Project Management and Technical Support	Governance, Management and Finance	Public Access and Data Management	External Relations and Communications	Totals
